APM SWWE Branch - 2022 to the future

APM SWWE Branch has a vibrant and enthusiastic committee of volunteers that is aiming to deliver 20 events annually across the region, including Bristol, Newport, Swansea, Exeter and Plymouth. We have a Branch Corporate Advisory Group which brings together Corporate and HEIs to promote the profession; we held a very successful PM Challenge Competition, which despite Covid, had 10 entries this year from Corporate and HEI teams of young people.

Looking ahead, we are planning events based on members feedback; these will consist of virtual and also physical events in 2022. This includes the 4th South West PM Conference in October, celebrating 50 years of the APM. We plan to hold a joint event with Midlands Branch in June and our next PM Challenge competition will be launched in October. We are also planning to participate in APM's Branch Awards for Young Project Professional and Student of the Year.
